Kyle Decker, Designer

EXPERIENCE

Product Designer, Dropbox Nov 2016–Present
Designed a new internal messaging automation tool to unify disparate communication services. Helped ship Dropbox Showcase. Pixel-hinted iconography across all desktop operating systems. Shipped a redesign of file comments and launched time-coded comments on A/V files.

Product Designer, Swiftype Oct 2015–Aug 2016
Co-owned the creative process from concept to launch on a design team of two. Shipped major redesigns of the product dashboard and marketing site. Crafted dozens of in-product illustrations and icons. Greatly simplified the maintenance and organization of our front-end codebase.

Designer and Developer, MadMonk Interactive 2012–14
Collaborated on projects for over a dozen businesses ranging from city governments to non-profits.

Freelance Designer 2009–14
Designed digital and print media with a focus on creating and coding small, responsive websites for local businesses.

EDUCATION

University of North Carolina at Greensboro 2011–15
Bachelor of Arts in Music; minor in Computer Science. Graduated *summa cum laude*. Teaching assistant for ART 446 (Graphic Design) during Spring 2013.
